

THE INTERNATIONAL INTELLECTUAL PROPERTY RIGHTS

About the Loan Scheme

The Intellectual Property Rights (IPR) Registration Loan Scheme is a Government initiative developed by the Ministry of Finance, National Planning and Trade (MOFNPT) in collaboration with the Development Bank of Seychelles (DBS), which is responsible for the administration and management of the loan.

The scheme supports Seychellois-owned Micro, Small, and Medium Enterprises (MSMEs), as well as other eligible businesses, in financing the registration of their intellectual property (IP) rights—such as trademarks, patents, and copyrights—at regional and international levels.

Its goals are to:
