#### 8. BUDGET

The budget should be realistic and include all costs associated with managing and administering the project. The grant should be used only for costs which directly relate to efficiently carrying out the activities and producing the objectives which are set forth in the project proposal. Other associated costs should be funded from other sources. Adapt this table to the phases or lifetime of your project.

11. PROJECT SUSTAINABILITY AND LONG-TERM IMPACT
Provide an explanation how this project will continue and sustain itself logistically and financially after the
Government provided grant term is over. Describe approaches and methods for ensuring the sustainability of the
project and the possibility for replication or scaling-up.
12. ADVOCACY & COMMUNICATIONS
How will the project use communications and public education as tools towards achieving results? For example,
organisation of public events, publication of news announcements etc.
